Dr Roshan Daniel - Genetics Doctor

No 119, Nanthencode Bains Compound, Trivandrum, Kerala, India - 695003

Others

Phone: 91-808-606-7838

Dr. Roshan Daniel (MBBS, MD, DM Medical Genetics) is one of the top Clinical Geneticists in India working on a vision of making reliable, high-quality genetic consults and testing accessible to every corner of the country. He is available at KIMSHealth Hospital, Trivandrum and Genetidoc Genetic Clinic, for physical as well as online consultations. He is committed to raising awareness among both the public and clinicians, ensuring that scientifically sound genetics moves from elite centers to grassroots healthcare. He provides high quality genetic consultations, genetic and DNA testing services and genetic counselling. His expertise is for diagnosis and managing rare genetic diseases and syndromes, genetic counselling in pregnancy, and genetic testing for hereditary cancers and precision oncology with specific targeted cancer therapies tailored to specific genetic DNA mutations in the cancer.
